Set Up for Water Turn On: \$15.00

Set Up for New Account: \$30.00 plus deposit (\$20 for owners; \$50 for renters)

WATER CONNECTION INSPECTION FEE: \$170.00 (all meter sizes)

BULK SECONDARY WATER:

Base Permit Fee: \$50.00 (allows up to 25,000 gallons or 33.3 units)

Unit Fee: \$ 1.50 for each additional 1 unit

Permit Term: 30 days

WATER IMPACT FEES

Residential Water Impact Fees:

\$4,320.00 per ERU

Culinary water impact fees for residential development shall be calculated using the formula:

{(\$4,320)(# of units)(use factor) = fee}, with the following use factors:

- Single-family detached: 1.00
- Single-family attached: 0.95
- Duplex (per unit): 0.85
- Mobile home: 0.80
- Townhouse/condo: 0.70
- Apartment: 0.70
- Residential facility for disabled persons 0.30 per occupant
- Residential facility for elderly persons 0.30 per occupant
- Assisted living center 0.30 per occupant
- Other residential: to be determined based upon occupancy and impact.
- Nursing home (see non-residential)

Non-Residential Water Impact Fees:

<u>Meter size</u>	<u>Impact fee</u>	<u>Meter size</u>	<u>Impact fee</u>
3/4"	\$ 4,320.00	2"	\$20,128.00
1"	\$ 5,355.00	3"	\$35,425.00
1.5"	\$15,430.00	4"	\$87,101.00
		Above 4" - to be determined	

WATER METER COST

<u>Meter size</u>	<u>Meter cost</u>	<u>Meter size</u>	<u>Meter cost</u>
3/4"	\$110.00	3"	\$1,175.00
1"	\$165.00	4"	\$1,900.00
1.5"	\$340.00	6"	\$2,700.00
2"	\$475.00		

SEWER

SEWER USAGE

Base Fee of \$7.00 per month, and

A fee charged as to the average monthly water usage during the winter months (usually November thru March which normally accounts for internal water use only). The fee is \$2.00 per unit per month. An average rate of \$27.00 will be charged to all new customers until a rate can be established based upon the next winter's water usage period.

SEWER IMPACT FEES

Residential Sewer Impact Fees:

The base fee per ERU shall be \$2,290.00.

Non Residential Sewer Impact Fees:

As determined under Figures 4.5 and 4.6 of the Impact Fee Analysis.

SEWER CONNECTION INSPECTION FEE: \$170.00

OTHER:

Each inspection other than connection, 1/2 hour minimum: \$30/hour

Installation of special "wye": \$50

Where connections involve main sewer lines installed at City's expense without assessment to the property, an additional charge representing user's assessment shall be charged at the time of connection based upon property owner's frontage.

In the event POTW service to any building or premises in the POTW is shut off, a fee to be set by the POTW shall be charged for restoring sewer service.

When a user's discharge causes an obstruction or damage, or because of the nature of the discharge, toxic pollutants increase the costs for managing the effluent or the sludge of the POTW, the user shall pay for the costs.

All users discharging sewage into the POTW shall be subject to a surcharge, in addition to other sewer service charges, if these wastes have a concentration greater than BOD of 200 mg/l or TSS of 250 mg/l.

The computation of the sewage surcharge is determined by the following formulae: $SC = VS \times$

$8.34(RBOD(BOD-200))$ and $SC = VS \times 8.34(RSS(TSS-250))$, where:

- (a) SC means surcharge in dollars.
- (b) VS means volume of sewage in millions of gallons for the billing period.
- (c) 8.34 is the conversion factor to convert BOD and TSS from mg/l to lbs.
- (d) RBOD means the unit charge for BOD in dollars per pound, being \$.052.
- (e) RSS means the unit charge for TSS in dollars per pound, being \$.0082.

Users who discharge septic and holding tank waste into the POTW shall pay \$25.00 for any amount up to 1,000 gallons discharged, and an additional \$30.00 for each additional 1,000 gallons or fraction thereof.
