

# 2010 4-H Craze

## Summer Adventures for Kids!

### Tuesday, June 15: Circus Day

Come and join us under the big top as we learn how to make balloon animals, act out our own circus acts, and many more great circus activities.

### Tuesday, June 22: Fun With Food

This day will be centered on creative food ideas. Learn how to make ice cream, play games, and make your own cookbooks. And that is just the appetizer, we have a "full course" of activities planned.

### Tuesday, June 29: Game Day

We Americans love our games. So, today we will make a few of our own games and learn how to play some classic games.

### Tuesday, July 6: Jr. Engineering Day

This camp is for anyone who loves to figure out how things work. We will learn about catapults, design and create our own marshmallow guns, and have a junkyard war!

### Tuesday, July 13: Medieval Times

Travel back in time to the days of Princesses and Knights. We will make our own castles, create costumes, and do our own special knight and princess training.

### Tuesday, July 20: Barefoot in the Park

Do you like to go barefoot in the summer? So do we! Join us as we play games, make crafts, and have a lot of fun all in our bare feet.

### Tuesday, July 27: Olympian Day

After watching the Olympics in February, we got the Olympic fever. So, we thought we would hold our own. Join us as we learn about the history of the Olympics and compete in our version of Olympic events.

### Tuesday, August 3: We've Had a Ball

We know this summer will be great! So what better way to end Summer CRAZE than by playing some of our favorite ball games. Come play with us and maybe learn a few new games as well.
